PERSONAL PROJECTS

AirBnB clone project (07/2020 - 08/2020)

- A command interpreter to manipulate data without a visual interface.
- A website (the front-end) that shows the final product: static and dynamic.
- A database that stores data.

Smile School (02/2021 - 03/2021)

- Building a website with just html, css, bootstrap and javascript by following a Figma design project.

WORK EXPERIENCE

Graphic Designer Dope Stickers

01/2020 - Present

Tunis

I launched this project with two friends of mine, we work as freelancers and we design and produce stickers.

Achievements/Tasks

- Increased company profits by sharing ideas about new products.
- Design logos and customize pictures as the client needs.
- Talk with clients on Instagram and get offers.
